Hi Kristin.

Attached is the Sarasota Ordinance banning Kratom and the Staff Report with the justification for its passage.

Ian's mom Linda just sent me the Medical Examiner's Report that included the toxicology report. Ian was not on any other illicit drugs at the time of his death. I will send another email with information from the Food and Drug Administration I received today about Kratom, the substance that his family believes was the cause of his suicide.

Thanks so much for any help you can be Kristin. Having several counties banning Kratom will help in getting the state to ban it too.

Pam Bondi's office has been working with Ian's mom. I plan to get this information to legislators once the elections are over and hope that a ban will be considered during the session.

Marie
